

Accessibility Statement

Last updated: October 16, 2026

Carolina Repair Solutions is committed to making our website accessible and usable for people of all abilities. We are working toward meeting the [Web Content Accessibility Guidelines \(WCAG\) 2.2 Level AA](#).

Our Accessibility Efforts

We work to improve accessibility by:

- Using clear headings and a consistent page structure
- Providing readable text and sufficient color contrast
- Adding alternative text to meaningful images
- Using descriptive labels for links, buttons, and forms
- Supporting keyboard navigation where possible
- Designing the website to work across desktop and mobile devices
- Reviewing the website periodically for accessibility barriers

Conformance Status

Accessibility is an ongoing process. While our goal is to meet WCAG 2.2 Level AA, some content or features may not yet satisfy every accessibility guideline. We will continue reviewing the website and addressing identified barriers when practical.

Third-Party Content

Our website may include links, applications, or tools provided by third parties. Carolina Repair Solutions may not control the accessibility of these external services. However, we welcome notification if a third-party feature creates an accessibility barrier.

Need Assistance or Want to Provide Feedback?

If you have difficulty using our website or need information in another format, please contact us:

Richard Hampton, Jr.

Carolina Repair Solutions

Call or text: 803-840-8539| **Email:** Richard@CarolinaRepairSolutions.com

Please identify the page or feature involved and describe the assistance you need. We will make reasonable efforts to respond promptly and provide the requested information or service in an accessible way.
